

FRITZ HANSEN

SILHUET PENDANT A HAMMERBORG ORIGINAL

Bold lighting with warm presence and true mystique

A HAMMERBORG ORIGINAL

Silhuet Pendant by Jo Hammerborg

The beautiful Silhuet pendant is characterised by soft – almost hypnotising – lines and warm brass. Its simple form makes the possibilities of application endless – at work, for dining, in kitchens or living rooms.

Fritz Hansen has reissued the Silhuet design in celebration of the Danish designer Jo Hammerborg's 100th anniversary. In homage, Hammerborg's signature and a 100-year tag are inscribed inside every pendant.

DESIGNER

Jo Hammerborg (1920-1982) was trained as a silversmith and created over 180 different lamp designs over the course of his extraordinarily creative career.
