

Environmental Product Sheet

Plan Chair, Model 3412

Design story of the product

With its surprisingly minimal footprint and generous comfort, the Plan Chair is ideal for modern spaces that invite a variety of uses. While sturdy and tested for extreme public use, each component of the Plan Chair is prepared for end-of-use disassembly and ease of possible future reparations - designed to last in a circular economy. Plan Chair successfully balances industrial elements and soft humanistic curves with its materiality, tactility, and crafted details.

Company description

Since 1911 the core of Fredericia's company ethics has been to encourage customers to buy fewer but better products. With the ultimate goal of creating furniture's that become more beautiful with age and can be passed from generation to generation. These core values are rooted in our sense of responsibility, seen in our use of natural materials, our ethical methods of production and our respect for the people using our furniture every day.

Supplier support

Through our ongoing implementation of Sustainable supplier selection and Code of Conduct, we ensure that our suppliers meet our conditions regard to human rights and environmental standards among other things.

Design for environment criteria

In the phase of developing new products or re-engineering existing products Fredericia Furniture follows the below listed principles:

- Timeless design
- Long material lifetime
- Crafted to last
- Easing disassembly of products to increase circularity and ease repair broken parts
- Increase the use of recycled materials

Material declaration

Chair with steel frame and plywood veneer seat and back finished with water-based lacquer. Frame is powder coated tubular steel mounted with plastic glides. Felt glides available.

Environmental data

The Whole Product incl. packaging material

Recycled content: 25%

Virgin content: 75%

Life cycle assessment data

The Climate footprint = **38 kg of CO₂e** in a level 2 screening validated by the Danish Company, Målbar. This result is based upon the lowest emitting variant of the model and is Målbar's estimate on the outcome within the boundaries of 30 – 46 kg of CO₂e.

The CO₂e accounts for carbon dioxide and other gases e.g., methane and nitrous oxide. The screening complies with the European LCA-rules PEF (Product Environmental Footprint) meaning that it covers the whole product life cycle incl. extrusion of raw materials to end-of-life handling.

Environmental certifications

Oak and Ash are FSC® Certified.

EU Ecolabel variants: Modernist Green, Bordeaux or Black.

Test

EN 16139:2013, L2: Extreme use

Warranty

Fredericia Furniture A/S offers a 7-year guarantee against manufacturing defects in standard products (materials and construction). The warranty does not cover wear and damage to covers, surface treatment, inappropriate use and the like.

Disclaimer

The Climate footprint assessment is based upon delivery to an average EU customer and a 15-year lifetime. Be aware of the variety of assumptions when comparing different life cycle assessments from different companies as the level of detail can vary. This document is not third-party validated, and the communication is only intended for B2B customers.

Content Declaration

The charts below describe the materials used in the product.

MATERIAL	MASS [KG]	SHARE [%]	CONTENT
Steel	4,1	61	Virgin
Oak plywood	1,9	28	Virgin
Lacquer	0,4	5	Virgin
Glue	0,2	4	Virgin
Aluminium	0,1	2	Virgin
Polystyrene, high impact	0,0,2	0,4	Virgin
Powder Coating	0,02	0,3	Virgin
Polyamid	0,02	0,3	Virgin

Total **6,8**

PACKAGING MATERIAL	MASS [KG]	SHARE [%]	CONTENT
Cardboard	2,8	96	Recycled
PE-LD	0,1	4	Virgin

Total **2,9**

Detailed Climate Footprint Assessment - CO₂e

The Climate footprint assessment is verified by Målbar September 20th, 2022.

Disposal: At Fredericia Furniture, we recommend our customers to handle our products with care when the product have served its use. We emphasis therefor that spare parts are reused/recycled when possible and/or products are repair with thought of the future. Sort the spare parts according to your country's regulations.
