

PLINT

DENCON

Think about room dividing in a new way. The office environment of the future is flexible and Plint is created precisely to support your company's flexible interior.

Plint makes it possible to furnish open offices in an entirely new and intuitive way as its flexible and refined design make it possible to use it in an abundance of different ways.

Replace your company's empty and old bookshelves with our Plint. With Plint, you have far more options and can create a remarkable and flexible area.

Veneer

Lacquered (maple or oak veneer sides), fronts and plinth/side panel on guest chair

DPL

Lacquer

Unique selling points

- Many design options to make a very personal storage solution
- A very flexible storage solution, designed to be transformed from time to time
- Danish production
- 10 years warranty and a very high quality

Technicalities

- Sides are made of maple or oak veneer with plywood edge.
- All visible metal parts are in anthracite paint.
- All other cabinet parts and fronts are made from 16 mm melamine or lacquered chipboard.
- All hinges and drawers are with soft close.
- All doors and drawers are fitted with lock.

Plint is designed by
C. F. Møller Architects
