True Love Outdoor Chair

The True Love Outdoor series is a durable and eco-friendly choice. The combination of compounded materials and the production method makes it resistant against adverse weather conditions and ensures perfect color fastness, structure and quality after several years of exposure to the baking sun, soaking rain, or freezing winters. Both units allow extra weight to be added by filling the cavity with sand or water. Optional floor mounting.

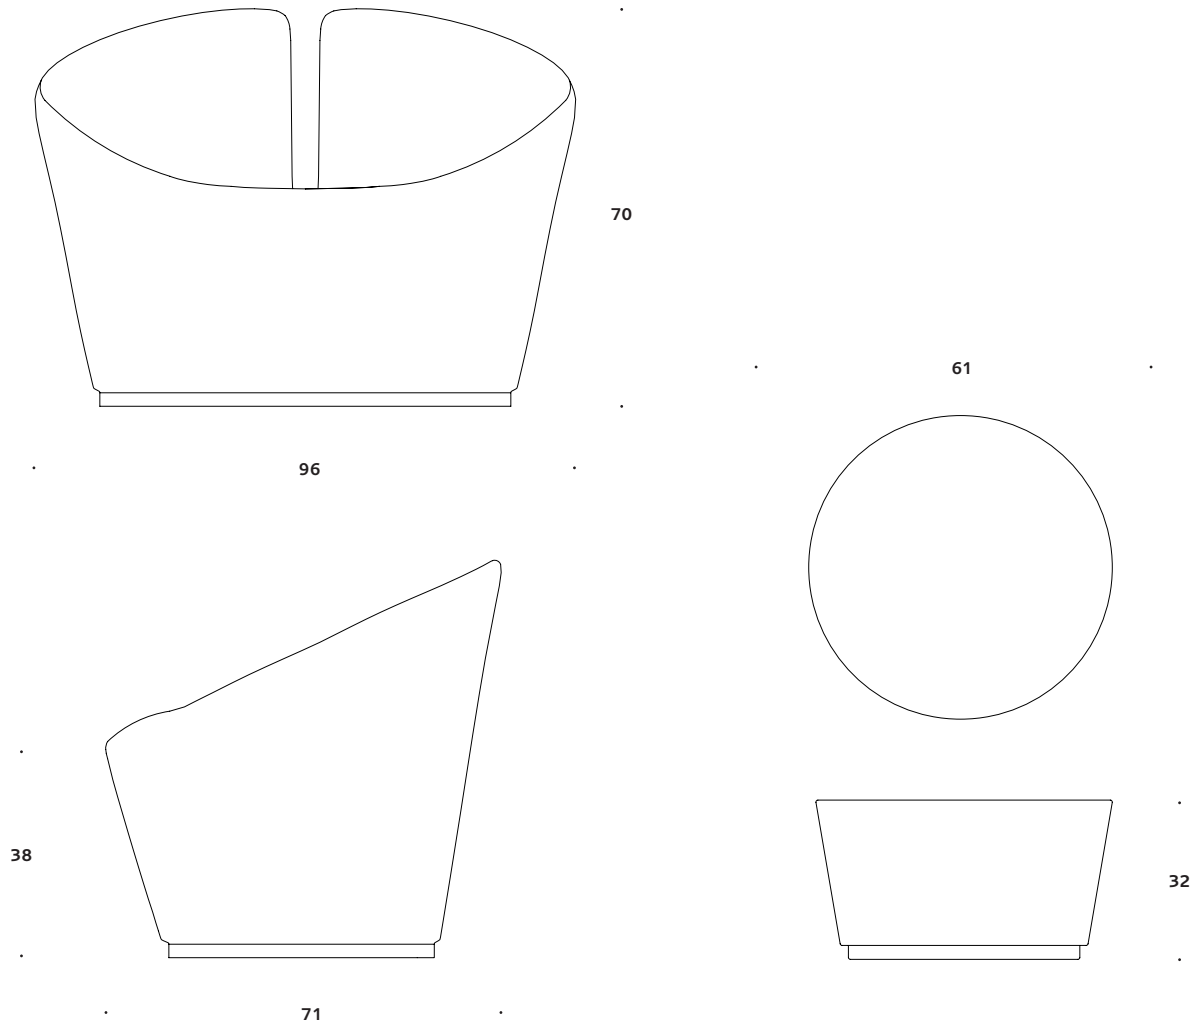

Designed by busk+hertzog

The Danish design duo was established in 2000 with a clear vision of being innovative and professional - but also with the aim of leading and inspiring a new generation of designers to further develop the Danish design legacy. The duo is located in Lisbon.
