

DESIGNED FOR HUMAN PERFORMANCE

## RH FOCUS 24/7

An RH chair is the perfect work tool, a chair that puts you in an optimal position all day, every day. A few simple adjustments are all it takes to make your RH chair fit your individual anatomy. RH 24/7 Chairs provides support 24 hours, 7 days a week, 365 days a year.

The RH Axia Focus 24/7 is perfect for combining monitoring and surveillance tasks with computer work. Extra strength, easy adjustments and deliberate supportive features provide dynamic and durable sitting for any user, at all times.

### Ergonomics

- Ergonomically shaped seat cushion with 10 cm sliding seat adjustment.
- Backrest with inner and outer back cushion. Always the right and constant support for the back due to the movable center section of the backrest cushion. The adjustable lumbar support follows the movements of the back.
- With adjustable lumbar support for extra support.
- Provided with tilting mechanism for dynamic seating, the seat of the chair follows your seating position.
- Pictograms on the control levers, easy and simple to adjust to individual needs. All adjustment levers are easily accessible and available on both sides of the chair.
- The tilting point of the seat prevents squeezing of the blood circulation or circulation in the legs.
- Wide range of options to suit special needs and customization of the chair.
- Comfortable and supportive adjustable headrest. In height and angle adjustable, reducing neck strain.
- Hygiene accessories such as head rest and seat / back covers, disposable non-woven covers for the head rest. Easy cleaning of the chairs due to high-quality materials.
