# Time Chair

The Time Chair, designed by Henrik Tengler in 2012, is a dynamic and comfortable conference chair. The chair features an innovative steel construction that balances aesthetics and strength while maintaining a minimalist appearance. Its ergonomic design ensures a comfortable and supportive seating experience throughout the day.

The Time Chair is available in either chrome or black-painted steel with upholstery in leather or textile. Additionally, you can choose between two configurations: one with four legs and a swivel function or another with five legs, wheels, and an adjustable seat.
